Dear Mr. Hoyer:

On behalf of the students in our Advanced Intelligence Seminar, I wish to thank you for meeting with them during their trip to Capitol Hill on 11 May.

This Seminar is intended to provide middle- and senior-grade officers an opportunity to explore important issues facing the Nation and the complexities of the legislative process. Your session with them provided excellent insight into some of these issues and complexities, particularly with regard to the status of Federal employees this year.

We have informed our Office of External Affairs of your interest in visiting CIA. They will be in touch with you shortly.

Sincerely,

Director
